Dear Sir or Madam,

I am writing this letter in support of Volodymyr Kravchuk.

Volodymyr has been actively involved with our Canadian children's magazine "Rozumnyky" ("Smart Kids") during 2024, 2025, and 2026 as an author and supporter of our publication.

Over this period, we published around 10 of his original materials, including articles, poems, fairy tales, and educational texts for children and families. His writing is thoughtful, creative, and meaningful for our readers and community.

In addition, Volodymyr supported our publication with ideas related to business organization, development, and community engagement. He was also involved in events and initiatives organized by our magazine for children and families and always showed genuine care and willingness to help.

We sincerely appreciate his support, creativity, and active involvement in our community projects.

Sincerely,
Luba Slavatyńska
Editor in Chief "Rozumnyky" ("Smart Kids")
