Re: Volodymyr Kravchuk – Community and Volunteer Involvement

In February 2026, we welcomed Volodymyr Kravchuk to a special gathering for seniors at St. Demetrius Senior Apartments. Volodymyr read his original poetry in both Ukrainian and English and spoke with our seniors about his personal experience, resilience, hope, and life in Canada.

His poetry and warm conversations were very well received. For our seniors, many of whom have strong personal connections to Ukraine, the afternoon offered comfort, reflection, and a sense of connection. Volodymyr gave his time and talent generously, and we were grateful to have him with us.

We have remained in touch and are currently discussing ideas for future presentations and activities for our seniors. We appreciate Volodymyr's willingness to volunteer his time and share his creativity with our community.

Warm regards,

Anna Orlov
Director of Housing
